- **Location:** Menouf, Menoufia, Egypt.

## skills

---

### TECHNICAL

- Node-JS, java-script.
- React-JS, css3, html5, Bootstrap.
- MySQL, MongoDB.
- Data structure, Algorithms.
- Some knowledge on wordpress, java EE, python, sickitlearn, matplotlib, pandas.

### SOFT

- Adaptability.
- Strong work ethics.
- learn new topics quickly.

## EDUCATION

---

Bachelor of Computer Science from Menoufia-university

2020

## EXPERIENCE

---

I'm fresh graduate, but

- I worked as volunteer with masr el-khear on my village in Medical convoys, I helped to organize the people and talk to them before they go to the doctors.
- I make lots of sessions for High school students in my village to reduce the knowledge gab between high school level and University life level.
- I make lots of posts to simplify the computer science terms and how the internet, computer, AI, Big Data, IOS works to all my young and public friend

## GRADUATE PROJECT

---

EGYPTOURISM: its main idea is display Pharaonic antiquities in 3D objects and images, I developed the whole RESTFUL API and tested it using the unit testing, please see my github repository. I also helped on the frontend using the react hooks, react context, and react functional components.

**To see more projects please visit my portfolio.**

## COURSES

---

- NodeJS - The Complete Guide (MVC, REST APIs, GraphQL, Deno)  
By Maximilian Schwarzmüller **2019**.
- The Complete JavaScript Course 2020: Build Real Projects!  
By Jonas Schmedtmann **2019**, also finished the javascript.info the most popular docs for JS **2020**.
- Learned reactJS from youtube free tutorials and the official reactJS documentation **2020**.
- Learned MySQL in college and mongoDB with myself.
